

POLY COMPLETE SOLUTIONS OVERVIEW

Everything you need for a successful video call – audio, camera, video app, action! The built-in software used by our complete room solutions are compatible with many of your favorite platform apps. No need to bring your own PC or Mac; just press join and you are ready to meet.

POLY STUDIO X FAMILY

All-in-one video bars for all room sizes.

Make your video conferencing easier and more powerful. The Poly Studio X family offers legendary audio and video performance in simple all-in-one video bars.

- Simple setup gets rooms up and running in moments.
- All major video apps built right in, including Microsoft Teams, Zoom, and Google Meet.
- Poly's innovative audio technologies give you more focused meetings by blocking distracting noises and outside conversations.
- Poly DirectorAI smart camera technology allows you to choose between different framing modes to create the most equitable experience for your hybrid meetings.

POLY G7500

Modular video conferencing system.

Outfit conference rooms to meet your organization's unique needs. The Poly G7500 offers best-in-class audio and video in a flexible solution that is easy to deploy, use, and manage.

- Flexibility for larger spaces by choosing the camera, microphones, and 3rd party components that best suit your collaboration needs.
- Streamlined cabling and robust APIs make it ideal for integrated rooms and customized environments.
- Built-in video apps connect directly to your favorite meeting service, or use standards-based connections with simple meeting join from the room calendar.

POLY MEDIALIGN

Premium, all-inclusive video conferencing.

Put the focus on better collaboration for your teams, no matter where they're located. This premium, all-inclusive video conferencing system powered by Poly G7500 is easy to deploy, anywhere in the world.

- One customizable system with monitor, controller, color, and height options.
- High-quality audio and video for medium and large rooms.
- Straightforward global deployment with modern design and small footprint.

WHY BUY POLY STUDIO X FAMILY

- Simple, all-in-one design includes nearly everything you need.
- Run Zoom Rooms, Microsoft Teams, or Google Meet without a PC or Mac.
- Connect to nearly any cloud video service with standards-based interoperability.

WHY BUY POLY G7500

- Flexible and customizable for larger meeting spaces.
- Choose the cameras, microphones, and other collaboration tools best suited for each space.
- Run Zoom Rooms, Microsoft Teams, or other cloud video apps without a PC or Mac or use standards-based connections.

WHY BUY POLY MEDIALIGN

- Complete solution based on Poly G7500 that includes everything you need.
- Ideal for global deployments with a consistent design and user experience.
- Everything is supported by Poly; no need to chase multiple vendors for help.
